ORDINARY GENERAL MEETING OF SHAREHOLDERS OF EXOR S.p.A.
May 22, 2014

**The “Avv. Giovanni Agnelli Plant”
(Maserati Plant)
Corso Allamano n. 44/B – 10095 Grugliasco
(Italy)**

Agenda

1. Financial statements at December 31, 2013 and related resolutions.
2. Compensation and treasury stock:
 - a) Compensation Report pursuant to article 123-ter of Legislative Decree 58/1998.
 - b) Resolutions on the purchase and sale of own shares.

The notice convening the Shareholders' Meeting was published in the newspaper “La Stampa” on April 18, 2014 and is available on the company website at www.exor.com.

LEGAL NOTICE

This document is an informal courtesy translation of the original Italian document and has been prepared for reference purposes only. The only official document is the document in the Italian language. Please note that in case of any inconsistency between this version in English and the original document in Italian, the latter will prevail.

COMPENSATION and TREASURY STOCK

a) Compensation Report pursuant to article 123-ter of Legislative Decree 58/98

To our Shareholders,

this Meeting of Shareholders is required pursuant to article 123-ter of Legislative Decree 58/98 to express its non-binding vote on the policy adopted by the Company for the compensation of members of the administrative bodies and on the procedures followed in the adoption and implementation of that policy.

Set out below is the Compensation Report prepared in conformity with the dispositions of article 123-ter of Legislative Decree 58/98 and of article 84-quater of Consob Resolution 11971 dated May 14, 1999; **it should be noted that under the applicable regulations the requirement for a consultative vote at the Shareholders' Meeting applies only to section 1.**

COMPENSATION REPORT

FOREWORD

This report on compensation has been prepared pursuant to article 123-ter of Legislative Decree 58/1998 the Consolidated Law on Finance ("TUF") and in conformity with article 6 of the Corporate Governance Code for listed Companies issued by Borsa Italiana S.p.A..

Section I of the report provides the market with information regarding the compensation policy of EXOR S.p.A. ("EXOR" or the "Company") as approved by the Board of Directors – at the recommendation of the Compensation and Nominating Committee – on April 6, 2012, following the entry into effect of Consob's regulatory provisions implementing article 123-ter of the Consolidated Law on Finance.

The compensation policy of EXOR reflects the particular ownership structure of the Company and also its organizational structure characterized by:

- the fact that the Chairman and Chief Executive Officer is one of the reference shareholders of EXOR through Giovanni Agnelli e c. S.a.p.az. which owns 51.39% of EXOR's share capital;
- the absence in EXOR of executives with strategic responsibilities (as defined in the regulatory provisions) apart from the Board members (in particular Mr. John Elkann who is the Chairman and Chief Executive Officer of the Company) and the Statutory Auditors, and the absence of general managers.
- EXOR's organizational structure which, following the changes made in recent years, is extremely simple and flexible.

The compensation policy may be the subject of revision or updating by the Board of Directors in consequence of changes in the structure or ownership as described above, as well as of any other circumstance which makes it appropriate in the light of the periodical assessments made by the Compensation and Nominating Committee of the adequacy, overall coherence and effective application of the policy.

The principles determining compensation policy and the compensation policy itself, as set out and described below, reflect the decisions made by the Board of Directors – at the recommendation of the Compensation and Nominating Committee - on April 6, 2012 since no circumstances have arisen during the financial year 2013 which required amendment to the compensation policy already approved by the Board of Directors.

Section II of the Report provides information on the individual components of the compensation of the Company's Directors and Statutory Auditors, as well as a detail of the compensation paid to such persons in the financial year 2013, on whatever basis and in whatever form, by the Company and its subsidiaries and associates.

SECTION I

1. Corporate bodies involved in the adoption and implementation of compensation policy

The duty of defining compensation policy in EXOR is assigned to the Board of Directors which makes use of the consultative and proposing activities of the Compensation and Nominating Committee formed for that purpose.

The Compensation and Nominating Committee, in particular, has the following functions:

- a) to formulate proposals to the Board of Directors relating to the compensation plans of the Chief Executive Officer and the Directors vested with specific responsibilities;
- b) to propose to the Board of Directors the candidates for the position of Director in the circumstances contemplated by article 2386 first paragraph of the Italian Civil Code, when it is necessary to replace an independent Director;
- c) to propose to the Board of Directors the candidates for the position of independent Director to be submitted to the Shareholders' Meeting of the Company, taking into account any recommendations received from Shareholders;
- d) to express opinions to the Board of Directors regarding the size and composition of the Board and, possibly, regarding the professional profiles whose presence on the Board is considered appropriate;
- e) to evaluate from time to time the adequacy, overall coherence and effective application of compensation policy as well as to formulate proposals to the Board of Directors for changes in the policy.

Further, at its November 12, 2010 Meeting, the Board of Directors identified, solely for non-significant operations, as regards Directors' compensation, the Compensation and Nominating Committee as the competent committee for related party transactions.

The Compensation and Nominating Committee has its own charter; it meets whenever it is considered necessary and all decisions are adopted on the basis of an absolute majority vote of its members. The Chairman of the Board of Statutory Auditors is invited to attend the meetings of the Compensation and Nominating Committee. The Compensation and Nominating Committee's meetings are formally minuted.

The Compensation and Nominating Committee is currently composed of the following Directors: Victor Bischoff – Chairman (independent Director), Giuseppina Capaldo (independent Director) and Mina Gerowin (independent Director).

The Compensation and Nominating Committee met once during 2013 and has met once in 2014.

With regard to the matters relating to compensation which are its competence, the Board of Directors, determines: (i) the division among the Directors of the compensation resolved by the Shareholders' Meeting (where the Meeting itself has not done so) and the payment of compensation pursuant to article 2389 of the Italian Civil Code; (ii) the incentive plans to be submitted to the Shareholders' Meeting pursuant to article 114-bis of the Consolidated Law on Finance; (iii) the actuation and implementation of the incentive plans approved at Shareholders' Meetings; (iv) the constitution and the duties of the Compensation and Nominating Committee; (v) the presentation to the Shareholders' Meeting of the compensation policy pursuant to article 123-ter of the Consolidated Law on Finance.

In determining compensation policy the Company has not made use of any independent expert nor has it referred to the compensation practices of other companies.

2. Objectives and principles of compensation policy

The compensation of Directors is determined in the measure sufficient to attract, retain and motivate persons with the professional qualities needed to manage the Company successfully.

For these objectives to be achieved, compensation policy is determined considering:

- best practices in compensation policy (starting with the Corporate Governance Code); and
- the need for sustainable compensation and for the alignment of the interests of management with the medium-to-long-term interests of the Shareholders;

all the above – as evidenced in the Foreword – is in the context of the specific characteristics of the Company, in particular of the ownership structure and the organizational structure.

Compensation policy is determined so as to be coherent with the Company's risk management policy and internal control system.

The Compensation policy confirms in terms both of principle and of compensation objectives and mechanisms, the successful approach applied in preceding years.

3. Composition of Directors' compensation

Under the compensation policy, Directors are paid only:

- (i) a fixed annual fee determined by the Shareholders' Meeting pursuant to article 2389 of the Italian Civil Code, divided among the Directors by the same Shareholders' Meeting or by the Board of Directors;
- (ii) a possible additional fee tied to membership of the internal committees of the Board of Directors¹;
- (iii) a possible additional fee related to the various Board level responsibilities assigned by the Board of Directors, as proposed by the Compensation and Nominating Committee, pursuant to article 2389 of the Italian Civil Code.

No part of the compensation of the Directors, including executive Directors and those vested with specific responsibilities within the Company (and in particular the Chairman and Chief Executive Officer) is tied to specific performance objectives.

The compensation of the Chairman and Chief Executive Officer is in part tied to the overall economic performance of the Company, as expressed in the performance of its share price, insofar as he is a beneficiary of the 2008-2019 Stock Option Plan. This plan, in particular, was approved at the Shareholders' Meeting of IFIL S.p.A. held on May 13, 2008 and, following the merger by incorporation of IFIL S.p.A. in IFI S.p.A. (now EXOR), has continued in the Company. The beneficiaries of the 2008-2019 Stock option Plan besides the Chairman and Chief Executive Officer are employees of EXOR or of companies which it controls (not classified as executives with strategic responsibilities) who occupy positions of importance in the enterprise and which the Company seeks to retain and also to involve in the development of the results of EXOR and of its group, correlating the economic incentives with the Company's medium-to-long-term shareholder value. The option rights granted vest and thereby become exercisable progressively over a period running from May 14, 2014 to May 14, 2016.

¹ Regarding the additional fee due to members of the Internal Control and Risk Committee and the Compensation and Nominating Committee, the Director serving as Chairman of the committee receives a fee which is 50% greater than that of the other two members. For the Strategy Committee, however, only the members who do not have operational responsibilities in the Company are entitled to an additional fee.

The Meeting of Shareholders of EXOR S.p.A. held on May 29, 2012 approved a new incentive plan (the “**New Incentive Plan**”). The objective of the New Incentive Plan, one of the recipients of which is the Chairman and Chief Executive Officer, is to increase the Company’s capacity to incentivize and retain staff occupying key positions in the Company and in the Group by including in the compensation packages of the affected recipients incentive and retention components based on long term objectives aligned to strategic objectives and to the Company’s new organizational structure.

The New Incentive Plan is in two parts, the first has the form of a stock grant and the second that of a stock option. Under the stock grant part of the Plan, which is denominated as the “Long Term Stock Grant”, recipients are granted a maximum of 400,000 Shares, conditional on the professional relationship with the Company and with companies in the “Holdings System” continuing until the vesting date which has been established as being in 2018. Under the second part, denominated as the “Company Performance Stock Option”, a maximum of 3,000,000 Options are granted, allowing recipients to purchase a corresponding number of Shares, conditional on the achievement of a pre-established performance objective and on the continuation of the professional relationship with the Company and with the companies in the Holdings System. The performance objective, established by the Board of Directors on the basis of a Compensation and Remuneration Committee proposal, will be deemed to have been achieved if the change in EXOR’s NAV is greater than the change in the MSCI World Index expressed in Euro, in the year preceding the year in which the Options vest. The exercise price for the Options will be based on the arithmetic average of the official Borsa Italiana list prices of the EXOR’s ordinary shares in the month preceding the date of the granting of the Options to the individual recipients.

The Chairman and Chief Executive Officer is a recipient of the “Company Performance Stock Option” and as a result of the approval of the New Incentive Plan by the Shareholders he has been granted automatically 750,000 Options giving the right, if the vesting conditions are satisfied, to purchase a corresponding number of the Company’s ordinary shares at an exercise price based on the arithmetic average of the official Borsa Italiana list prices of the EXOR’s ordinary shares in the month preceding the Shareholders’ Meeting held on May 29, 2012.

The granted Options vest and become effectively exercisable over the vesting period, the years 2014 to 2018, in equal annual tranches from when they vest until the end of 2021.

There are no systems of deferred payment or ex-post price adjustment mechanisms, nor - so far as concerns the 2008-2019 Stock Option Plan and the New Incentive Plan - is there a requirement to hold the financial instruments after the option to purchase has been exercised.

For greater detail on the EXOR 2008-2019 Stock Option Plan and the New Incentive Plan reference should be made to the related Regulations and tables of information published on the Company’s website www.exor.com in the section on Corporate Governance.

4. Non-monetary benefits and supplementary insurance coverage, or health and pension cover

In line with best practice in the field of compensation and in consideration of the specific responsibilities assigned, the compensation plans of Directors include non-monetary benefits (such as, for example, use of company motor cars, reimbursement of expenses for travel outside the municipality of residence or for healthcare), as well as supplementary insurance cover such as for directors’ civil liability relating to claims for compensation for non-fraudulent acts performed in the performance of the director’s duties and additional health cover. The aforesaid being in addition to the reimbursement of out-of-pocket expenses incurred in the performance of the activities associated with the responsibilities assigned.

5. Treatment on cessation of office and non-competition agreements

There are no agreements between the Company and its Directors relating to indemnities or other particular treatments due in the event of cessation of office nor agreements which include non-competition agreements.

*** **

SECTION II

I.1 FIRST PART

There follows an illustration by individual of the components of compensation paid, on whatever basis and in whatever form, in the financial year 2013 to: (i) the members of the Board of Directors; and (ii) the members of the Board of Statutory Auditors.

The compensation was determined in accordance with best compensation practice as well as in substantial continuity with the guidelines and principles followed by the Company in the past and substantially reflected in Section I above.

It should be noted, as has already been stated in the Foreword, that in EXOR no general managers have been appointed and no executives apart from the Directors and Statutory Auditors have been identified as having strategic responsibilities.

Board of Directors

The Board of Directors decided to divide equally among its members the annual fee of Euro 150,000 approved by the Shareholders' Meeting.

In addition, pursuant to article 2389 of the Italian Civil Code, the following annual compensation amounts were approved:

- Euro 2,000,000 to the Chairman and Chief Executive Officer John Elkann, together with healthcare cover;
- Euro 500,000 to the Vice Chairman Alessandro Nasi having been entrusted with certain operational responsibilities;
- Euro 35,000 to the Internal Control and Risk Committee (of which Euro 15,000 to the Chairman Giuseppina Capaldo and Euro 10,000 to each of the other two members Victor Bischoff and Giuseppe Recchi);
- Euro 35,000 to the Compensation and Nominating Committee (of which Euro 15,000 to the Chairman Victor Bischoff and Euro 10,000 to each of the other two members Giuseppina Capaldo and Mina Gerowin);
- Euro 40,000 to each of the Directors Victor Bischoff, Mina Gerowin, Jae Yong Lee, Sergio Marchionne and Michelangelo Volpi as members of the Strategy Committee;
- Euro 100,000 to the Secretary to the Board of Directors, Gianluca Ferrero.

Directors also receive reimbursement of out-of-pocket expenses incurred in the performance of the activities associated with the responsibilities assigned.

So far as concerns the EXOR 2008-2019 Stock Option Plan and the New Incentive Plan, reference should be made to the related Regulations and table of information published on the Company's website www.exor.com in the section on Corporate Governance and to the tables provided below regarding the stock options granted to the Chairman and Chief Executive Officer.

Board of Statutory Auditors

With regard to the compensation of the Board of Statutory Auditors, it should be noted that the Shareholders' Meeting held on May 29, 2012 appointed to the Board of Statutory Auditors for three financial years and therefore for the term ending with the approval of the financial statements at December 31, 2014:

- Sergio Duca (Chairman)
- Nicoletta Paracchini
- Paolo Piccatti

determining in Euro 62,250 the annual fee of the Chairman and in Euro 41,500 the annual fee of the other two members of the Board of Statutory Auditors.

Agreements calling for indemnities in the case of cessation of office

Excepting as described above, there are no agreements between the Company and its Directors which provide for indemnities in the event of early interruption of the relationship or for the granting or maintaining of non-monetary benefits for Directors who have left office or for consulting arrangements covering periods after interruption of the relationship or for compensation for non-competition agreements.

I.2 SECOND PART

Set out below in detail using the prescribed tables are the compensation amounts paid in the financial year 2013, on whatever basis and in whatever form, by the Company and by its subsidiaries and associates.

The data in **Tables 1, 2, 3A and 3B** relate to assignments in the Company and in subsidiaries and associates, both listed and unlisted.

In addition **Table 4** sets out in the form of a table the shareholdings held by members of the Boards of Directors and Statutory Auditors in the Company and its subsidiaries and by general managers and executives with strategic responsibilities.

Turin, April 9, 2014

On behalf of the Board of Directors
Chairman and Chief Executive Officer
John Elkann

(g) Of which 4,390 shares derive from the exchange of 1,146 CNH Global N.V. shares on the merger by incorporation of CNH Global NV into CNH Industrial N.V.

b) Resolutions on the purchase and sale of own shares

To our Shareholders,

we propose that Shareholders resolve to authorize for a period of 18 months from the date of the Shareholders' resolution the purchase, also through subsidiaries, of the Company's ordinary shares of nominal value € 1 each, up to a maximum number such as not to exceed the maximum limit set by law.

We inform you that at the time of preparing this report the Company owned as treasury stock 23,883,746 ordinary shares representing 9.7% of share capital

The subsidiary companies do not own any EXOR shares.

The purchase of the aforesaid own shares as treasury stock is considered expedient for the purposes of:

- pursuing the efficient management of the Company's equity capital and in an investment perspective;
- fulfilling the obligations stemming from debt instruments exchangeable with or convertible into share instruments;
- allowing the servicing of compensation plans based on financial instruments according to the provisions of article 114-*bis* of Legislative Decree 58 dated February 24, 1998;
- allowing share exchanges in fulfillment of any investment policy undertaken to further the Company's corporate business objectives;
- intervening, in observance of the existing provisions of law, directly or through intermediaries, in the event that there are fluctuations in the quoted prices of the shares beyond the usual variations tied to the performance of the stock exchange and in conformity with market practices.

The request submitted to the Shareholders' Meeting for authorization to purchase the Company's own shares is not at present aimed at the reduction of capital through the cancellation of the purchased shares.

Without prejudice to the provisions of article 132, third paragraph of Legislative Decree No. 58 dated February 24, 1998, the purchases of own shares will be made in compliance with the provisions of existing laws and regulations and in the following pre-established and approved modes, the mode to be determined each time:

- through public purchase or exchange offerings;
- on regulated markets, in the modes and on the terms and conditions established by Borsa Italiana S.p.A.;
- through the purchase and sale of derivative instruments traded on regulated markets, which provide for physical delivery of the underlying shares and on the terms and conditions established by Borsa Italiana S.p.A.;
- through the granting to Shareholders, in proportion to the number of shares held, of a put option to be exercised within a time frame corresponding to the duration of the authorization under the present Shareholders' resolution.

The shares may be purchased on the market at price levels not more than 10% above or below the reference price recorded by the securities on the stock exchange on the day before each transaction is made or, in the event of purchases carried out through public purchase or exchange offerings, at price levels not more than 10% above or below the reference price recorded by the securities on the stock exchange on the day before the disclosure to the public.

Further, we propose that shareholders authorize the disposal, also through subsidiaries, at any time, in full or in part, also before the completion of the purchase program, of the treasury stock held and the shares purchased under this resolution, in the most expedient manner in the interest of the Company, including use of the shares for (i) the fulfillment of obligations stemming from debt instruments exchangeable with or convertible into share instruments, (ii) the servicing of compensation plans based on financial instruments, approved or to be approved, pursuant to article 114-*bis* of Legislative Decree No. 58 dated February 24, 1998 and (iii) the disposal of any real and/or personal rights linked to same (including, by way of an example, loans of stock), and in any case in accordance with the applicable regulations and with accepted market practices.

The consideration for the transfer of the ownership and of any other real and/or personal rights shall not be more than 10% lower than the market price of the transferred rights on the day before each disposal is made, with the exception of the use of treasury stock to service compensation plans based on financial instruments approved or to be approved pursuant to article 114-bis of Legislative Decree No. 58 dated February 24, 1998, in which case the price shall not be less than the value of the shares at the date of the option offering, determined in accordance with tax regulations and the consideration for the treasury stock used for the payment in kind of part of the variable compensation of employees will be equal to the amount set according to applicable tax regulations.

Should the treasury stock undergo exchange, trade-in, contribution or any other non-cash disposal, the consideration for the transactions will be determined, in the interest of the Company, according to the nature and characteristics of the transactions, taking also into account the market performance of the EXOR S.p.A. security.

In the event of transfer, exchange or contribution, the corresponding amount may be re-used for further purchases, up to the expiry date of the authorization by the Shareholders' Meeting, in accordance with the maximum amount as well as the terms and conditions herein above.

We also propose to Shareholders that, as of the date of the Shareholders' Meeting resolution and for the part not utilized, the resolution to authorize the purchase and disposal of treasury stock passed at the Shareholders' Meeting held on May 30, 2013 be correspondingly revoked.

Finally we propose that the Shareholders fix the maximum amount to be used for the purchase of own shares in Euro 450,000,000, to be drawn from the Extraordinary Reserve.

All transactions in treasury stock will be accounted for in accordance with the provisions of law and applicable international accounting standards.

Turin, April 9, 2014

On behalf of the Board of Directors
Chairman and Chief Executive Officer
John Elkann
